UNIT 1 – SUCCESS AND FAILURE
 VIDEO – INDIVIDUAL PROJECT
Winning an award for solving one of the most difficult cases

To be standing here is nothing short of extraordinary, an honor beyond words to hold this award after carrying out such a tough case.

First, I would like everyone here to give a round of applause for my amazing team without whom I would have lost it completely. From the investigators to the forensic experts who worked beyond my expectations, we steadily inched our way toward unraveling this demanding case.

There were times when I just could not believe in myself, but the voices in my head would always push me closer to accomplishing my goal. I actually started to dwell on whether I was made for this or not, but eventually it all worked out just fine and I managed to get here and truly find my purpose.

Even though gaining confidence was hard, thanks to being determined and resilient I never let myself get side-tracked and taking it one step at a time made the way to success ten times easier.

Before I step off this stage I would like to let everyone know that world peace is not riding on you succeeding, so stop having barriers in your mind as

You only included 4 phrases from the Unit! You were extremely convincing, highly expressive, despite some hesitations, and I thoroughly enjoyed your pronunciation, yet the lack of topic vocab is not something I can easily ignore. Please make sure you consider this aspect next time, it's a shame I have to deduct points for that!
